SUMMER SCHOOL ADVANCED QUALITATIVE RESEARCH METHODS

Symbiosis International (Deemed University), Pune, India, proposes to organize a three-day *Summer School on advanced qualitative research methods* to inculcate researchers with the ability to effectively conduct qualitative research studies from the most renowned qualitative scholars in the world.

To deliver the Summer School, we have invited world-renowned scholars from the realm of qualitative research to conduct hands-on intensive training workshops on specific techniques of design, method and analysis.

Date :8-10 March 2018

Venue: Symbiosis International (Deemed University), Lavale Campus, Pune, India

Target groups:

1. Academicians: Faculty (teachers and researchers) from any discipline from within the Asian region.
2. Professionals from industry and Government agencies who have to use/work with/analyse large corpus of qualitative data (e.g., journalists, editors, those in community engagement) or gather data via social media, interviews or focus groups.
3. PhD and Master's students from all disciplines

Key International Speakers invited to conduct the Summer School (1-day each):

Renowned international scholars covering the following topics:

- **Dr. Anthony Onwuegbuzie:** Highly renowned and widely published research methods scholar (Texas, USA); currently, editor-in-chief of International Journal of Multiple Research Approaches. **Topic of workshop: Introduction to Qualitative Traditions and Methods.**
- **Dr. David Shim:** Renowned scholar and Assistant Professor at the University of Groningen, Netherlands. His area of research is the visual and spatial dimension of global politics. **Topic of workshop: How to Analyse the Visual.**
- **Dr. Annabel Quaan-Haase:** Internationally well-known scholar and Professor of Information and Media Studies and Sociology at the University of Western Ontario, Canada. **Topic of workshop: How to Analyse Social Media Data.**
