Invitation of Tender for

University Web Podcasting System
Invitation to Tender

Mahatma Gandhi Antarrashtriya Hindi Vishwavidyalaya (MGAHV) invites Tender for “University Web Podcasting System”, providing consultancy services and development of Web Podcasting System for Academic Programmes and its implementation, operation, and training to the University’s teachers and staff along with upgradation and maintenance from reputed, professionally & financially sound and duly registered companies/ agencies/ firms/ organizations.

The purpose of this Tender is to identify high quality conscious firms/ Companies/ Agencies/ Startups that will stand to the expectation of the University in terms of design, delivery and execution of the work. In the process, the University will shortlist a set of firms/ Companies/ Agencies/ Startups which will be considered for awarding the service based on the professional competency, execution time, relevant experience and the cost of service. In order to provide an opportunity to a large number of intended firms/ Companies/ Agencies/ Startups the minimum requirements have been prescribed.

Tender Documents (Technical & Financial Bid) must be submitted in a sealed envelope duly superscribed. “Tender for University Web Podcasting System”.

Tender should be addressed to the Registrar and submitted by Registered / Speed post at Administrative Building of Mahatma Gandhi Antarrashtriya Hindi Vishwavidyalaya, Wardha or by password protected document through E-mail on (registrar@mgahv.in), for which separate password should be made available by the bidders 30 minutes before opening of the proposals (Technical Bid (Annexure-‘A’ to ‘D’)) and Financial Bid (Annexure-‘E’), so as to reach to the office of the undersigned on or before the deadline for submission of Tender i.e. 21.02.2022 by 03:00 pm. Password of Financial bids should be provided by the firms 30 minutes before opening of Financial Bids.

The Technical Bid will be opened on 22.02.2022 at 11:00 am. Interested bidders, if desired can be present at that time. Bidder’s presentation (In-person or Online) if required, may be held and its date along with link for online presentation shall be provided by E-mail to the shortlisted Bidder’s.

Financial Bid of only technically qualified bidder, shortlisted on the basis of their documentation and/or presentation will be opened before the Registrar, MGAHV, Wardha and the date will be intimated to qualified valid bidders only by e-mail or notice will be uploaded on MGAHV website. The Password should be made available by the bidders 30 minutes before opening of the Financial Bids when asked by the MGAHV through E-mail (registrar@mgahv.in).

Interested firms or their authorised distributors or Suppliers may submit their sealed Tender/password protected documents (in case of online submission) as per Pro-forma given in tender. They must submit non refundable participation fee of Rs.500/- (Rupees Five hundred only) and the Bid Security (i.e. Earnest Money Deposit) of Rs.24,000/- (Rupees Twenty four thousand only) Offer without EMD will be rejected summarily except in case of exempted bidders holding valid MSME certificate/license exempting such bidders from furnishing of EMD and participation fee.

The Tender document and other details are available at University website www.hindivishwa.ac.in and Government of India website www.eprocure.gov.in as Annexure-‘A’ to ‘E’.

The MGAHV Authority reserves the right to reject any or all the offers at any stage of the process or any of the terms without assigning any reason. No correspondence in this regard shall be entertained. Any attempt on the part of contracting firms to influence, negotiate, directly or indirectly with the University will lead to its exclusion from consideration.

Any amendment/updates to the Tender or its Terms & Conditions will be uploaded on official website of the MGAHV only.

Note: The Bidders are required to read carefully and understand all the terms and conditions, specifications, formats, instructions, etc. given in the Tender/Bid document with full understanding of its implications. Failure to furnish all information required for submission of a bid or bids not substantially responsive in every respect may result in outright rejection. The Bidder is required to give confirmation of their acceptance of all the terms and conditions mentioned in the Tender/Bid document by signing all pages of this document. Failure to do so may result in rejection of Tender/Bid submitted by the Bidder.

About MGAHV

Mahatma Gandhi Antarrashtriya Hindi Vishwavidyalaya (MGAHV) is a Central University, established by an Act of Parliament to promote and develop Hindi language and literature, through teaching and research, with a view to enabling Hindi to achieve greater functional efficiency and recognition as a major international language. Its main campus is being developed on 212 acres land at Wardha District, Maharashtra and have three Regional centres at Kolkata (West Bengal), Prayagraj (Uttar Pradesh) & Riddhpur, Amravati (Maharashtra). The University has 08 (Eight) Schools and 20 (Twenty) teaching Departments with approx. 350 (Three Hundred Fifty) teaching and non-teaching staff. Presently, 24 (Twenty four) courses are running under Distance mode and the MGAHV is offering Under Graduate, Post-Graduate and Research Programmes in various subjects under regular mode.

Note: More information about MGAHV can be obtained from its website (www.hindivishwa.org).

Scope of Work Envisaged

The service provider will be required to create web portal and App development for Mahatma Gandhi Antarrashtriya Hindi Vishwavidyalaya, as per Scope of Work mentioned below:

1. Feature

Feature of website/portal and App Full-fledged Web Podcasting System portal and App with same data/content including main features such as:

a) User friendly, Attractive and multi sub-paged home page.
b) Online website/app compatible and single administrative database with print ready &
c) attractive display and flexible designed with unlimited field addition/editing/updating module for following tool/pages:
   i. Multilingual audio uploading facilities with smart key word searching system.
   ii. Multi dimension search system (Navigation).
   iii. For regular (academic & administrative) notices, programs and other information/activities report posting/editing with material in the form of text, audio, image, web-link etc.
   iv. Web pages for podcasting resources in the form of audio, image, web-link etc.

   Tools for:
   1. Arrangement for interactive hosting and searching.
   2. Attractive image slide-viewer.
   3. Provision of multilingual searching and uploading facility.
   4. Administrator, Teacher and student.
   5. Flexible in nature for content and pages expansion.

2. Technology

The new website/portal should use Web 3.0 based tools and open-source software like LAMP architecture, JavaScript/JQuery, HTML5, CSS3, Open LDAP etc. Following are the advised open-source technologies to be used. Bidders are requested to provide the information with respective following points:

a) Server Side Scripting
b) Server Side Database
c) O.S. Platform for hosting
d) Platform for app
e) Any Other Add-On Feature
f) **User Interface**

The system shall provide browser based interface to the end user. To provide easy to use interface, the screen and form layouts shall be designed with maximum simplicity. The system shall be designed keeping in view that there is uniformity and consistency across the application’s buttons, screens, form and report layouts. The User Interface shall be designed by incorporating the suggestions given by the end user. A prototype of the User Interface should be designed and presented to the user and the user can suggest necessary modification to be incorporated to make better use of the Interface. The complete design shall help the end user to maintain and use the system smoothly even after the end of warranty periods.

g) **Language**

All the modules shall be bilingual i.e. operable in Hindi (Unicode) as well as in English.

h) **Reliability**

Software developed and delivered should be reliable bug free and fully tested, with no functionality failure.

i) **Easy Maintenance**

The application software should possess features to enhance end users efficiency. Simple screen pop-up windows and minimum data fields should further add to the ease of executing the application. Minimum number of screen to accomplish a business function shall be the major design parameter.

j) **Integrity of Data**

To make the application user friendly, the system should ask for minimum parameters, the remaining entries that are relevant to the task (if already present in the database) shall be automatically populated in the relevant fields. This will help to minimize the entry to be done by the user and also maintain the integrity of the data.

3. **Targeted User**

   a) Marginal communities of India.
   b) Teachers/Researcher/Student and common users.

4. **Domain and Server**

   a) Registration of domain name: under ac.in
   b) Cloud space will be provided by MGAHV as per requirement of web application.
   c) Maintenance and up gradation initially for one year, extendable for five years.

5. **Sign-on**

   a) Single sign-in interface for entire data addition/ updation/ deletion.
   b) Multiple sign-in interface for data addition/ updation/ deletion
   c) Temporary interface/s for visitor’s comments / suggestions.

6. **Bilingual language support**

   It should be supportive to Hindi and English.

7. **Security of website/portal**

   The website should allow secured socket layer and it shall be security audited according to OWASP (Open Web application Security Project) application security verification standard.
8. Navigation
The navigation system for the website/portal and app should be intuitive so that people can easily find the required stuffs. Each subpage of the website/app should work quickly and correctly. It should be kept systematic and well organized. It should have attractive font, layout, fast-loading pages, minimal scroll, consistent layout, prominent and logical navigation and descriptive link text.

9. Design
Website/portal and app must be visually appealing, polished and professional. There should be good use of soothing colour. It should have easily readable text, meaningful graphics, quality photography and simplicity in design.

![Diagram of navigation and interaction]

10. Compatibility
The website/portal should be compatible for viewing through all the different kind of browsers and their different versions, which should be same on mobile platform also. It should not fracture or look different across the different platforms/screens. It should work perfectly and seamlessly on all devices.

11. Web Content Accessibility
Website/portal should follow Web Content Accessibility Guidelines (WCAG) as per GOI guidelines (GIGW), refer http://guidelines.gov.in/ and certified by the Standardization Testing and Quality Certification (STQC), refer http://meity.gov.in/content/stqc and be social media enabled.

12. Screen Resolution
The screen resolution of the website should be high enough so that the content looks attractive and easily readable. It is accessible by any kind of device and software.

13. Search Engine Optimized (SEO)
The website should be optimized for the search engine so that it is appearing high in the search results.

14. Good search feature
The podcasting portal should have good search feature based on internal data, so that all the content should be easily searchable from the website itself.

15. Social Media Integration
The podcasting portal should have good social media integration mechanism so that user can share, follow, comment through maximum popular social media platforms.
16. Copyright and Property
   All the data and code on or behind website/app will be property of the MGAHV, Wardha. Therefore, it will be mandatory for vendor to assure MGAHV, Wardha about protection of data, modules and software.

17. Online and Onsite support for Modules
   As the task of MGAHV, is being/will be done from different locations, in collaborative mode, the designated vendor shall be required to provide onsite support at MGAHV, and, as may also be required, online support for those working in collaborative mode at outstation locations.

18. Training
   Vendor should ensure that teachers, staff/s, users identified by the MGAHV is aware of all the development module and password of server/domain registration.

19. Upgradation of App
   Timely Upgradation in version of app and its hosting on related platforms will be an assigned task of the vendor.

❖ Time Schedule
   a) Hosting of website and launching of app (Including all the interfaces, tools, bug fixes etc.) should be completed within 45 days from the date of award of tender.
   b) The completion of each stage needs to be approved by MGAHV and the work on the next stage can only begin after the previous stage has been approved. Each stage deliverable needs to be presented before MGAHV for the final approval.
   c) The final payments will be made based on the completion certificate and total works done.

❖ Instructions (Guiding Principles)
   MGAHV has framed the following guiding principles to be followed by interested participants. The best practices may be more than what are specified below:
   a) The proposed solution must be based on Service Oriented Architecture (SOA) principles and must adhere to a SOA based integration model across various applications of the IT portfolio.
   b) The proposed solution should be an Integrated, Scalable, Modular User-friendly and Highly Available.
   c) The proposed solution must implement a multi-level security across various tiers and software layers of the IT platform.
   d) Best practices from the industry must be implemented across the tiers and layers of the proposed solution and across various phases of the software development life cycle.
   e) Software Support and Maintenance Practices
      Contract for Software support and maintenance will be initially for one year, extendable upto four more years (total five years) on the basis of satisfactory services provided by firm. The selected bidder must ensure that the technology / platform of the proposed software (application and system included) be of the latest version as published by the OEM (wherever applicable) and made available at no extra cost to the MGAHV.
   f) Software Licensing
      The University would require various software licenses (OEM or otherwise) to be made available for wide use of Web Podcasting System and not be restricted to the number of users, devices or membership. The University would prefer a CPU/core based licensing that it could use to scale further while not being constrained with the number of users or devices.
g) **Setup and Commissioning**

Installation, Setup and Commissioning of the system to host the software servers along with the portfolio applications will be part of the scope of work. The server infrastructure and connectivity requirements along with the data centre details will be provided by MGAHV to the selected bidder for configuration.

h) **Language**

Proposal shall be submitted in **English** only.

**Evaluation process**

All responses including the proposed solution(s) received by the MGAHV shall be evaluated by an Evaluation Committee duly constituted by the Competent Authority of the MGAHV. The responders will have to present the solution before the Committee on the date(s) informed later on the MGAHV website. Only the eligible bidders will be informed of their selection.

Proposals found to be non-responsive for any reason or not meeting the minimum eligibility criteria, as specified will be outrightly rejected. The MGAHV shall be at liberty to reject any response received from any company or consortium for the said tender.

The engagement with the Service Provider shall be finalised on mutual consent after issuance of work order.

A two-stage procedure will be adopted in evaluating the proposals viz. a Technical evaluation and a financial evaluation.

**Responsibilities of the Bidder**

The selected bidder/firm will study the existing system and will design Browser based application software for activities listed under Tentative Scope of Work. The bidder responsibility is broadly divided into following tasks:

a) **System Analysis (Detailed system analysis and Design & Development)**

System Analysis for each of the identified Application which will include:

- Detailed analysis of the existing systems, whether automated or manual. This will include analysis of documents in use, detailed information requirements, reporting procedures & formats, reporting levels coding and classification being followed etc.
- Identification of unique data elements, their size, format, source, use and sequence of data storage, data volume, its frequency of updation, responsibility of the department for the updation, inter-system flow of data, current volume and growth rate etc.
- Detailed analysis of types of queries being supported, their volumes, frequencies etc.
- Preparation of Data Flow Diagrams.

b) **Project Deliverables**

- SRS (Software Requirements Specification) report with respect to modules
- Full working Source Code of the application software
- Test plans
- Acceptance Plan
- All respective manuals
- Implementation Report/ Plan
- Detailed Work Plan
- Disaster Management & Recovery Plan
- Monthly Progress Report
- Quality Control & Assurance Report
- Misc. Report(s)
- Hardware / Software requirement specification/ Equipment specifications.
c) **System Design**

Bidder is expected to design the proposed systems keeping in view the following points:

- The proposed systems will be implemented under Client Server environment on suitable computer systems having Centralized processing and databases with decentralized input and output.
- To ensure quick retrieval/access and also for improving the response time, the system should be completely Menu-driven and user-friendly in all respect.
- For each of the identified application system, the system designing shall be undertaken by the Bidder, which will include:
  - Preparation of Systems Flow Charts, depicting boundaries of each system, and inter-system linkages, designing of input screens.
  - Designing of output report formats and reporting procedures including reporting levels, frequency of reporting etc.
  - Designing of screen formats and menus for queries.
  - Designing of database structures. This will include deduction and design of access levels also.
  - Definition and design of security levels and password protections.

d) **Documents to be developed**

- Systems Flow Charts
- Systems Specifications of various application systems which for each application system will include:
  - Input forms/Screens
  - Output report formats
  - Screens for queries
  - Inter System linkages/interfaces
  - Security and Backup considerations

e) **System Development Acceptance Testing**

System Development for the Application system will include:

- Designing of programmes specification on the basis of Systems Specifications defined in Technical Specification
- Programming and Testing of the System
- To implement the Systems and subsequently check for the stability of software
- Implementation of the System and handing over to the users for acceptance and Operation
- Preparation of Users Manual

f) **Software Implementation**

The Implementation Roadmap of Application Software should be clearly specified in terms of number of days and be shown in the PERT (Program Evaluation Review Technique) chart in the Offer.

g) **Technical and Users Manuals**

1. Service Provider should submit a comprehensive, step by step user/technical manual (with screenshots)
2. To the minimum, the following manuals are expected to be delivered by the service provider:
   - Technical Manual for Detail Data Base Design (Process flow Centric)
   - Technical Manual for Application Software Setup & Design
• User Manual for System Administrator, Production Server
• User Manual for end user/ operators
• All manuals must be available as Online help as part of the System.

3. All the reports, design, documents, user and operational manual and software’s developed by the firm shall remain the property of MGAHV and shall be delivered, along with a detailed inventory, at the end of the project.

h) Training of the Staff/Officials

1. Capacity building is an integral part of this project. The selected firm would train the University staff to use/operate and maintain the software solution at their own.

2. The University will identify its staff for training purpose and for future maintenance/ update of the System and inform the firm for training.

3. The firm should provide a detailed training plan for the identified representatives of the MGAHV and should basically cover the following:

   • Operation & routine maintenance of all aspect of the software
   • Troubleshooting
   • Backup / Restore of archival database

i) Facility Management Service (FMS)

The selected firm/company shall be fully responsible for the entire project Integration and to provide facility management service to maintain the same. The firm/company must provide complete onsite warranty and facility management service including upgrade and maintenance for a period of 01 (One) year which shall be further extendable depending on need. The firm/company must provide a technical person to the University for the period of Contract, who shall be responsible for overall integration, operation and smooth functioning of WEB PODCASTING SYSTEM application and other associated components including hardware and server part. The person must be capable of addressing and fixing any technical issue reported by the end user. The payment of the FMS for the period may be included or mentioned separately in the financial bid.

j) Guarantee /Warranty

The developed system installed shall be guaranteed individually for integrated operation for the contract period from the date of commissioning of the system. In case of detection of any defect in system as a whole the same shall be rectified by the Firm/ Company/ Vendor free of cost within 15 days of intimation by the competent authority of the University.

k) Hardware Requirement

The details Hardware requirement (if any) with specification for the developed system shall have to be provided by the bidder in the SRS (System Resource Study Report).

l) Bid Scope

The bidder cannot bid for a specific portion of the project and should be quoted for entire package.

m) Subcontract

The bidder shall not be permitted to subcontract any part of its obligations under the contract. Subcontracting any part or component of this contract to any individual firm or entity, shall be treated as sufficient grounds for automatic cancellation of the Contract/Agreement.
General Instructions

1.1 The Bidders are requested to read the complete Tender document carefully before submission of Tender response form.

1.2 Bidder is one who has responded to the “University Web Podcasting System”. The Bidder shall duly fill in all the information specified in the pre-qualification criteria specified. In the event of any additional information required by the MGAHV other than that specified in the tender document, the Bidder shall duly submit such information in the prescribed time to the MGAHV. The Bidder shall submit the Tender Documents duly signed and stamped on each page as a part of the Tender. It shall be expressly agreed herein by the Bidder that he has read and understood the complete Tender Document and other documents / requirements and shall comply with the same except what is stated in specified Deviation /Non-Compliance statement format.

1.3 MGAHV shall reserve the right to verify the operation and performance of Project by the Bidder shall permit MGAHV to do so. The MGAHV will evaluate the information submitted by the capacity of Bidder.

1.4 Tender received with incomplete information / documents shall be rejected. Tender not adhering to Terms, Conditions, Specifications and other details as given in this document may be summarily rejected.

1.5 Award Criteria: Tender will be evaluated first to check whether all required information and documents as specified in the Tender Document are submitted and to ascertain whether the Bidder meets all Qualifying Criteria. The Bidders whose documents are found to be in accordance with the specifications mentioned in the Tender document would be short-listed and shall be invited for a presentation and/or discussion at MGAHV Campus, Wardha or requested online presentation keeping in view of Covid-19 pandemic with MGAHV Evaluation Committee. The Financial Bid will only be opened when the said bidder is qualified in technical bid.

1.6 The Bidder should abide by the terms and conditions specified in the Tender document. If Bidders submit conditional offers, they shall be liable for outright rejection.

1.7 The MGAHV reserves the right to make any changes in the terms and conditions of the Tender.

1.8 MGAHV may treat offers not adhering to these guidelines as unacceptable.

1.9 Bidder can be a proprietary or Partnership Firm or Pvt. Ltd. or Limited Company (Deed of constitution/ registration certificate to be enclosed in Tender).

1.10 Exemption in Tender Fee, EMD and other criteria of this tender document shall be given to the Start-up firms as per the Govt. of India norms on production of relevant proofs.

1.11 TDS as per applicable rated will be deducted (if applicable) from the project value.

Tender Fee (Not refundable) and Payment of EMD (Refundable without interest)

1.12 Tender Fee: Bidders are required to submit processing fee for the Tender @ Rs.500/- (Rupees Five hundred only) through Online transfer / NEFT in Account No. 972110210000005 IFSC: BKID0009721, Bank: Bank of India, Hindi Vishwavidyalaya Branch, Wardha. This should be part of Tender. Successful Online/NEFT Payment slip is to be attached in Technical Tender Document.

1.13 EMD:

(i) Every tender should be accompanied with an Earnest Money of Rs.24,000/- (Rupees Twenty four thousand only) through Online transfer / NEFT in MGAHV Account or in the form of Account payee Demand Draft, Fixed Deposit Receipt, Banker’s Cheque, Insurance Surety Bonds, Bank Guarantee from any of the Commercial Banks or online payment shall only be acceptable in favour of the Finance Officer, Mahatma Gandhi Antarrashtriya Hindi Vishwavidyalaya payable at Wardha. Tenders received without requisite Earnest Money will be rejected out rightly.

(ii) The MSME units are exempted from payment of EMD provided they should enclose proof of their Exemption certificate/license issued by the competent authority.

(iii) The EMD should be valid for a period of 45 days beyond the final bid validity period.

(iv) EMD of unsuccessful tenders will be returned after finalisation of the tender.

(v) EMD will be forfeited in case of:
   a. Failure of the bidder to honour their offer.
   b. Withdraw their offer before expiry of validity period.
