25th August 2022

Dear Sanjay

As the country comes together to celebrate *Azadi ka Amrit Mahotsav* to commemorate 75 years of India's independence, the Ministry of Information & Broadcasting has launched on 24th August 2022, 'Azadi Quest', a series of online mobile games to engage citizens of all age groups as part of a unique initiative. The two games, **Azadi Quest: Match 3 Puzzle** and **Azadi Quest: Heroes of Bharat** focus on the story of India's freedom struggle, highlighting key milestones and heroes, interwoven with fun gameplay.

2. The content of the games has been curated by the Publications Division of this Ministry, and vetted by experts of the Indian Council of Historical Research. Available in both English and Hindi, these games seek to 'entertain, engage and educate' players and users, in line with the vision of the Hon'ble Prime Minister. Based on the concept of 'Gamification of Education', they will serve as an important educational tool to learn about India's freedom struggle for students and youth of all age groups, as well as parents and teachers.

3. It is requested that these Games may be made available among students, parents and teachers of universities, colleges, and other educational institutions. More information about the Games, key features and steps for downloading the Games on mobile phones are available in the 'Azadi Quest' brochure http://davp.nic.in/ebook/goi_print/index.html. The Games may also be downloaded via link <https://mib.gov.in/commonpages/azadi-quest-games>. The Games are also available on Google Play Store and Apple App Store.

with regards

Yours sincerely,

Apurva Chandra
