We have to keep nature as it is: Prof Akhilesh Dubey

Prayagraj: Regional Center Prayagraj on the fifth day of ‘Swachhta Pakhwada’ under the direction of Honorable Vice Chancellor of Mahatma Gandhi International Hindi University Wardha, Acharya Rajnish Kumar Shukla, with the aim of realizing Prime Minister Narendra Modi’s vision of ‘Swachh Bharat Swasthya Casioin’, he said that, “We have to keep nature in the same form, for which we have to make proper use of the resources provided by nature by stopping the improper exploitation of the resources given by nature by seriously considering the issues of water harvesting, environment, organic farming etc. In such a situation, Swachhta Bharat’.

A campaign was launched under the leadership of Academic Director Prof Akhilesh Kumar Dubey to promote tree plantation and cleanliness in the university campus as well as to make people aware of the need of water conservation. On this occasion, Prayagraj Regional Center Prayagraj on the fifth day of ‘Swachhta Pakhwada’ under the direction of Honorable Vice Chancellor of Mahatma Gandhi International Hindi University Wardha, Acharya Rajnish Kumar Shukla, with the aim of realizing Prime Minister Narendra Modi’s vision of ‘Swachh Bharat SWASHTYA CASIOIN’, he said that, “We have to keep nature in the same form, for which we have to make proper use of the resources provided by nature by stopping the improper exploitation of the resources given by nature by seriously considering the issues of water harvesting, environment, organic farming etc. In such a situation, Swachhta Bharat’.

Pakhwada is a big step towards making people aware about the importance of living in a clean environment. It is an endeavor that will enable all of us and especially the generations to come, to lead a healthy and stress-free life.
